

# GANESH PRASAD BHANDARI

## Frontend Developer

Butwal, Nepal | bhandariganesh1725@gmail.com

GitHub: [github.com/GANNI1725](https://github.com/GANNI1725) | LinkedIn: [linkedin.com/in/ganesh-prasad-bhandari](https://linkedin.com/in/ganesh-prasad-bhandari)

## PROFILE

Frontend Developer Intern and BCA student with hands-on experience building production-ready React applications, optimizing frontend performance, and developing responsive user interfaces. Experienced in business proposal development, market research, and collaborating with cross-functional teams.

## EXPERIENCE

Frontend Developer Intern — Sweven Incorporate Pvt. Ltd.

2025 – Present

Butwal, Rupandehi

- Built and maintained HariyaliBazar, a production-ready organic produce e-commerce platform (React 19, Vite) connecting farmers from five Nepali districts with customers in Butwal.
- Led frontend performance optimization, reducing layout instability by addressing Cumulative Layout Shift (CLS) across images, typography, and animations.
- Developed an interactive sourcing map (Leaflet) and implemented a site-wide light/dark theme system using CSS variables.
- Resolved a persistent browser back-button scroll bug and authored Terms & Conditions and Privacy Policy pages.

IT Assistant & Accountant — Khatri Engineering Workshop - 1 year

- Provided IT support, managed digital records, and handled day-to-day accounting operations prior to joining Sweven Incorporate.

## EDUCATION
